

THE ESSENTIAL SEYCHELLES ABOARD LE CHAMPLAIN

On this itinerary, PONANT invites you to discover the must-see jewels of the Seychelles. On Mahe, you will board Le Champlain for a 9-day expedition cruise to the heart of this archipelago's Inner Islands for a glimpse of paradise. The first stop on your cruise: Sainte Anne Marine National Park, whose coral reefs are home to stunning species, guaranteeing unforgettable snorkelling. On Curieuse Island, reputed for its red earth and for the Aldabra giant tortoises that have taken up residence there, take an excursion to the heart of the mangrove. You will then discover Aride, an unspoiled delight of the Indian Ocean, home to thousands of birds including some endemic species. In Praslin, don't miss the chance to visit the Vallee de Mai Nature Reserve. There you will find sea coconuts, gigantic endemic fruits with a very evocative shape, nicknamed the "love nut". Palm trees, granite rock, white sand and crystal-clear water await you on Grande Soeur and La Digue. The beaches on these two stunning islands are each more beautiful than the next, guaranteeing moments of relaxation that will live up to your fantasies of the Seychelles.

ITINERARY

Day 1 VICTORIA, MAHÉ

Discover Mahe, the main island of the Seychelles and also the largest of the archipelago, home to the capital, Victoria. Mahe has almost 70 beaches of fine sand, framed by the emblematic granite rocks, and whose crystal clear waters are renowned for their rich underwater life. The island is also famous for its splendid mountain panoramas accessible on hikes, such as the Morne Seychellois, which is 905 metres high and overlooks the Indian Ocean. Mahe is also an island full of history where fine colonial properties rub shoulders with Creole houses - and don't forget the marvellous Botanical Gardens in Victoria.

Day 2 SAINTE ANNE MARINE NATIONAL PARK

Lying off the coast of Mahe, the Sainte Anne Marine National Park has been protecting the natural riches and exceptional sea beds of the verdant islands and turquoise lagoons of Sainte-Anne, Longue, Ronde, Moyenne and Cerf since 1973. These dream islands with their white sandy beaches edged with granite rock, crystal-clear waters and coconut trees promise unforgettable moments of relaxation and discovery. These colourful reefs and granite rocks and their large swathes of seagrass are home to a multitude of tropical fish as well as sea turtles, dolphins and several species of ray, including the manta ray.

Day 3 DESROCHES ISLAND

Coconut trees, she-oak, white-sand beaches, warm and clear waters: everything here is conducive to daydreaming and relaxation in an intimate setting where the blue sky completes the picture postcard. You are on Desroches Island, the largest in the Amirantes group in the Outer Islands of the Seychelles. This 6 km long coral atoll covered in lush vegetation is surrounded by spectacular seabeds where encounters with sharks and manta rays are not uncommon. On the beach, you may be lucky enough to observe sea turtles, there to lay their eggs. In the island's north, a lighthouse that is still in operation stands guard, and the small village is home to a chapel and a cemetery.

Day 4 CURIEUSE ISLAND

Situated off the coast of Praslin, Curieuse has a distinguishing feature: its red earth. Discovered in 1768 by the French explorer Marc-Joseph Marion du Fresne, it was ravaged by a fire in 1771 and then home to a leper colony of which a few vestiges still remain. Declared a national marine park in 1979, it is home to

many underwater species, which can be discovered while scuba diving or snorkelling in the idyllic waters of the Indian Ocean. But above all, Curieuse is renowned for the hundreds of Aldabra giant tortoises that live there. It is highly likely that you will get the chance to meet these fascinating reptiles. Along with Praslin, it is also the only island on which the sea coconut grows wild.

Day 5 ARIIDE ISLAND

Aride is an island in the Seychelles situated a few kilometres north-west of Praslin. Listed as a nature reserve, this pearl of the Indian Ocean will seduce you with the beauty of its landscapes of wild cliffs and fine-sand beaches. Protected from human impact and sometimes called "bird capital", it is home to several endemic plants as well as exceptional wildlife. Most notably, it is the refuge of an impressive number of seabirds (Seychelles magpie-robins, terns, noddies, and more), and reptiles, such as Wright's skinks, which can be found in the island's wooded areas. Sea turtles can also be observed on the island's beaches.

Day 6 GRANDE SCEUR

Located 6 km north of La Digue, Grande Soeur Island is renowned for its two sumptuous beaches and its translucent waters, protected by a coral reef. An ideal spot for snorkelling and observing the sea turtles that co-exist here with the many multi-coloured fish. The pristine Grande Soeur Island is considered to be one of the most beautiful islands in the Seychelles.

Day 7 PRASLIN ISLAND

Situated some forty kilometres away from Victoria, Praslin is the second largest island in the Seychelles. Its idyllic beaches where

granite rocks nestle in immaculate sand correspond perfectly to how we imagine the Seychelles to be. They invite visitors to dive into the turquoise waters, which are ideal for snorkelling. In the centre of the island, hidden in the heart of a stunning tropical rainforest, lies the Vallee de Mai Nature Reserve, listed as a UNESCO World Heritage Site. In this veritable plant sanctuary, several endemic species of palm trees can be observed, as well as the famous sea coconut, which can weigh up to 20 kg and is sometimes called "coco fesse" because its shape calls to mind a pair of buttocks.

Day 8 LA DIGUE ISLAND

La Digue Island is a veritable concentration of all the beauty of the Seychelles. Located 6 km south-east of Praslin, this small piece of land that looks like paradise is the third-largest island in the Seychelles, despite its modest size (5 km by 3 km)! Turquoise waters just asking you to swim in them, lush vegetation sheltering giant tortoises, beaches of fine sand fringed with coconut trees and surrounded with those emblematic large granite rocks with their pink highlights like at the famous Anse Source d'Argent: the perfect picture postcard... Authentic and preserved, the island follows a peaceful rhythm, with the only means of transport along its little roads being bikes or traditional oxcarts.

Day 9 VICTORIA, MAHÉ

Discover Mahe, the main island of the Seychelles and also the largest of the archipelago, home to the capital, Victoria. Mahe has almost 70 beaches of fine sand, framed by the emblematic granite rocks, and whose crystal clear waters are renowned for their rich underwater life. The island is also famous for its splendid mountain panoramas accessible on hikes, such as the Morne Seychellois, which is 905 metres high and overlooks the

Indian Ocean. Mahe is also an island full of history where fine colonial properties rub shoulders with Creole houses - and don't forget the marvellous Botanical Gardens in Victoria.
