Center in Puerto Ayora, where giant tortoises are bred in captivity. This is home to tortoises ranging from 3-inches (new hatchlings) to 4-feet long adults. Subspecies of the giant tortoises interact with one another, and many of the older tortoises are accustomed to humans stretching out their heads for a photo opportunity. The babies are kept until they are about four years-old and strong enough to survive on their own.

Day 2: Sunday GENOVESA ISLAND

In the morning: El Barranco El Barranco, also known as Prince Phillip's Steps, is a steep, rocky path that leads up a high cliff rock face. A marvelous view can be appreciated from here. This site is also home to Palo Santo vegetation as well as red-footed boobies, short-eared owls, Galapagos storm petrels, and Galapagos doves. In the afternoon: Darwin Bay Visit the white-sand coral beach of Darwin Bay which includes a half mile trail (0,75km) that winds through mangroves filled with land birds. Nazca boobies, red-footed boobies, and swallow-tailed gulls, which can easily be spotted here. Further down the path we'll find tidal pools where sea lions swim playfully. At the end is a spectacular view of a cliff.

Day 3: Monday SANTIAGO ISLAND

In the morning: Espumilla Beach In Espumilla Beach marine iguanas lounge and the Sally Lightfoot crabs attract the hunting herons performing the dance of predator and prey right before your eyes. Snorkeling is highly recommended as you could come face to face with an octopus, moray eel, shark and a variety of other species of tropical fish. Afterwards: In the afternoon: Egas Port Egas Port, also known as James Bay, on Santiago Island is home to the curious Galapagos hawks and quick-footed Galapagos lava lizards. The trail leads to the coastline with gorgeous tide pools and grottos full of fauna. Here

the Galapagos furseals bathe in the sun. This is also a great snorkeling site.

Day 4: Tuesday SANTA CRUZ ISLAND

In the morning: Bachas Beach Bachas Beach is located on the north shore of Santa Cruz and is a beach for swimming. One of the few remnants of the U.S. World War II presence in the Galapagos, a floating pier, can be seen here. You may see flamingos, Sally Lightfoot crabs, hermit crabs, black-necked stilts, and whimbrels. Sea turtles also nest on the beach. Afterwards: Baltra Airport Departure After this final visit, you will be transferred to the Baltra airport in time for your flight back to the mainland.

YOUR SHIP: NATURAL PARADISE

YOUR SHIP:	Natural Paradise
VESSEL TYPE:	Yacht
LENGTH:	34 metres
PASSENGER CAPACITY:	16
BUILT/REFURBISHED:	2016

Natural Paradise is a new luxury yacht for those travelers with discerning tastes. This intimate, customized vessel transports 16 passengers through the enchanted Galapagos Islands on eight-, five- and four-day excursions. To help you explore the archipelago's underwater world, snorkeling gear, wetsuit and underwater camera are available for your use. After a day of exploring the Galapagos' unique environment, relax with a cocktail from the bar in the main deck sitting area, or up on the spacious sundeck which has chaise lounges and a Jacuzzi, as well as an al fresco dining area. If you have one of the four upper deck double cabins, you will enjoy a private balcony from where to watch the moonlight slither across the waves. Other double cabins are on the main and lower decks, while a well appointed suite is on the main deck. All accommodations have comfortable beds, safety deposit boxes, air-conditioning, private bathrooms with hot water, and plenty of space for your belongings. Natural Paradise's 10 crewmembers are attentive to their guests' needs. An official, bilingual naturalist guide will lead you on your exploration.
