

NATURAL WONDERS OF GREENLAND

Discover the immense scenic and cultural variety of the world's largest island, from the impressive mountain range in the East to the beautiful and fertile south with its fascinating Viking history up to the town of Ilulissat with its floating icebergs.

ITINERARY

Day 1 Reykjavik

The SEAVENTURE docks in Old Reykjavik Harbour in the heart of the city, a five-minute stroll from the main squares, shopping and dining. The ship departs in the evening.

Day 2 Day at Sea/Denmark Strait

Today we sail across the Denmark Strait towards Greenland, following the same maritime route used by Norse settlers more than 900 years ago. Enroute you can attend fascinating presentations by our Expedition Team members to prepare for your visit to Greenland. Or of course, you can choose to just

relax and watch whales, dolphins and seabirds from the deck or from your cabin.

Day 3 Ammassalik Island

The island is characterized by several glaciers, jagged peaks, rivers, lakes and waterfalls. There are vast green valleys and deep fjords with newly calved icebergs dropping off the ice cap into the sea. Tasiilaq, the largest town in East Greenland, is located on Ammassalik Island. With its population of approximately 2,000 people, the town is the gateway to explore East Greenland.

Day 4 Day at sea/ Prince Christian Sound

When conditions are favorable, we travel along the 70 mile (112 km) long Prince Christian Sound which connects the Labrador and Irminger Seas. In this narrow, often ice choked channel, we come so close to icebergs you can almost reach out and touch one. The force of Greenland's massive inland ice cap pushes glaciers towards the sea, where large chunks of ice break off and become floating icebergs.

Day 5 Qaqortoq

With 3,000 inhabitants, Qaqortoq is the largest settlement in South Greenland. In this charming town you can find lots of strikingly beautiful colonial buildings, dating from the establishment of the town in 1775. The area has a rich history, as it has been inhabited continuously since prehistoric times.

You can still see traces of Thule and Norse cultures throughout the region.

Day 6 Qeqertarsuatsiaat

Qeqertarsuatsiaat is a small settlement with approx. 200 residents, mainly living from hunting and fishing. Visit the small mine and learn more about the extraction of precious stones.

Day 7 Nuuk

With 16,000 inhabitants Nuuk is both the capital and the biggest city of Greenland. It combines Arctic traditions with European urbanity. Visit the city sights on a walking tour that ends at the National Museum which exhibits the famous mummies of Qilakitsoq.

Day 8 Sisimiut

Sisimiut has a turbulent history, especially during the 18th century when the first Danish colony was destroyed by Dutch whalers who wanted to establish their own settlement. The Danes fought back and eventually recaptured Sisimiut after several fierce battles in the 1730s. about the domination of the city. Heavy fighting between Dutch whalers and various European nations took place over the years. Because of its the flourishing shrimp industry, Sisimiut is one of the Greenland's most prosperous richest cities today. in the country.

In the morning we reach Ilulissat village in fabled Disko Bay. Ilulissat is located beside the Ilulissat Icefjord. Delight in the thunderous spectacle when icebergs break off from the glacier and plunge into the fjord. Sermeq Kujalleq is one of the most productive glaciers in the northern hemisphere.

Day 10 Disko Bay/Qeqertarsuaq

The small settlement of Qeqertarsuaq is located on the South Coast of Disko Island. In 1773 the first whaling base was founded there. Whaling has been of great importance to the town over the past two centuries. Hunting and fishing are still the primary occupations for the island's inhabitants.

Day 11 Kangerlussuaq

In the morning we reach the 120-mile (190 km) Kangerlussuaq Fjord and the town of the same name. It's time to say goodbye to the SEAVENTURE. Charter flight back to Keflavik.

BUILT/REFURBISHED:

A WORLD-CLASS SMALL SHIP EXPERIENCE Seaventure features a 1-A Super ice class rating -- the highest ice class awarded to passenger vessels. This means that we will be able to explore coves, bays, and channels that would previously have been forbidden to us. The ship also offers a host of new activities. There's a sauna, a fitness center, a custom-built citizen science lab, and heated saltwater pool. There is more storage space, which is important because it means we can carry more equipment, so that more of our guests can participate in activities like kayaking, snowshoeing, and camping. The common areas are larger and beautifully appointed, and the ship has two. Antarctica is a uniquely challenging environment, one that Seaventure is supremely prepared for. Its state-of-the-art stabilizing system provides safe, comfortable passage through even rough seas, and its ice rating is second-to-none in these waters. This means Seaventure can usher you into places (and amazing experiences) that regularly turn away lesser and larger ships. Seaventure features an outer viewing deck that circles the entire ship, and an outdoor dining area and heliport where we host events whenever weather permits. Indoors, our elegant dining areas and spacious

presentation room surround you with oversized windows, so you'll never have to miss a passing iceberg or an impromptu sighting of a Humpback or school of Orcas. Even our treadmills and ellipticals keep your eyes trained on the mesmerizing Antarctic landscape.
