arriving at Cape Horn National Park, where we will disembark, if weather conditions permit, to experience the magic of walking through one of the southernmost points of the world, surrounded by charm and legends. In the afternoon, we will disembark at Wulaia Bay, a historic site of one of the largest settlements of the native Yagans canoeists. We will reach a viewpoint, walking through the Magellanic forest in which lengas, coigues, canelos, and ferns grow, among other species.

Day 3 Pia Glacier – Porter Glacier

In the morning, we will sail along the northwest arm of the Beagle Channel to enter and disembark in the Pia Fjord. We will make a trip to the viewpoint from where you will see the homonymous glacier, whose main peak extends from the top of the mountain range to the sea. During the afternoon, in our Zodiac boats, we will navigate between high rocky walls until reaching the Porter Glacier.

Day 4 Agostini Sound – Aguila Glacier – Condor Glacier

In the morning, we will navigate the Cockburn Channel to enter the Agostini Sound, where you can appreciate the glaciers that descend from the center of the Darwin Mountain Range, some of them reaching the sea. During the morning, we will disembark in Zodiac boats for a walk around a lagoon formed by the melting of the Aguila Glacier. In the afternoon, we will navigate in Zodiac boats to approach the Condor Glacier. We will learn about the formation of glaciers and their influence on the abrupt geography of the Fuegian channels.

Day 5 Magdalena Island – Punta Arenas

We will disembark at Magdalena Island first thing in the morning if weather conditions are suitable. On the island, we will be able to see a huge colony of Magellanic penguins. This excursion is replaced by a landing on Marta Island in September and April, where South American sea lions can be sighted from Zodiac boats. Then, we will arrive in Punta Arenas, disembarking at approximately 11:30 hrs.
