SUBANTARCTIC DISCOVERY EXPEDITION FROM DUNEDIN, NEW ZEALAND

Discover the primordial beauty of the UNESCO World Heritage listed Australian and New Zealand Subantarctic Islands on this in-depth exploration of a most rugged region of the antipodes. Witness richly endemic birdlife flourishing on Stewart and Ulva Islands, including the iconic brown kiwi (southern tokoeka) and friendly flightless weka. Celebrate under the crimson blossoms of the flowering rātā, affectionately known as the 'southern Christmas tree'. Experience the humbling majesty of Fiordland's deep Sounds, and Zodiac cruise the craggy coast of the Snares, breeding grounds for the rare Snares crested penguin and Buller's albatross. Heading back north, we may visit mystical Campbell Island, where meandering boardwalks lead you past flowering megaherb moors to nesting grounds of southern royal albatross. On the Auckland Islands, wander through enchanting rātā forests, spot endemic mollymawks and hear stories of the sealers, settlers and explorers that preceded us.

ITINERARY

Day 1 Arrive Dunedin

Arrive in Dunedin, where you will be met by a representative of Aurora Expeditions and transferred with your fellow expeditioners

The Small Cruise Ship Collection

www.small-cruise-ships.com

small-cruise-ships.com

info@small-cruise-ships.com

to your assigned pre-voyage hotel. If you are already in Dunedin, we ask you to make your way to your hotel. This afternoon, visit the Aurora Expeditions hospitality desk in the lobby to collect your luggage tags. Please clearly label the tags with your name and ship cabin number. Our team will confirm details regarding your embarkation day, answer any questions and provide you with information on where to dine or purchase last minute items.

That evening, enjoy light refreshments as you meet your fellow expeditioners at a Welcome Reception and Pre-Embarkation Briefing. Afterwards, enjoy your evening in New Zealand's southernmost city. You may like to indulge in a meal at one of Dunedin's fine restaurants, or perhaps enjoy a leisurely stroll along the picturesque Otago harbour.

Assigned accommodation: To be advised

Day 2 Embarkation

This morning, enjoy breakfast and check-out. Please ensure your cabin luggage is fitted with cabin tags clearly labelled with your name and cabin number. By 11.00 am, take your cabin luggage to hotel reception, prior to, or at check-out. Your luggage will be stored and transferred directly to the port for clearance, to be placed in your cabin ahead of your arrival on board. Please keep any valuables or personal items with you throughout the day.

Your morning is at leisure to explore Dunedin.

Settle into your cabin, where each detail was designed with your comfort in mind. This luxurious vessel is yours to explore! As we throw the lines and set sail, join your expedition team on deck before tucking into a delicious dinner, and toast to the voyage ahead.

Day 3 Stewart Island (Rakiura)

"Have a care for this island. Sanctuaries such as these are imperative. There is no song of Bellbird or Tui on the moon." Olga Sansom, 1970. Past Curator, Southland Museum and Stewart Islander

Stewart Island (Rakiura) is the northernmost of the New Zealand subantarctic islands and a sanctuary for many rare and endemic species. We plan to visit the quaint fishing village of Oban, the southernmost settlement in New Zealand, where humans are outnumbered by brown kiwis (southern tokoeka). As you wander along the beach, keep an eye out for blue penguins (korora) and yellow-eyed penguins (hoiho) waddling along the rocky coast, and New Zealand white-capped albatross soaring overhead.

In the afternoon land on Ulva Island to experience New Zealand as it may have been centuries ago, before humans arrived. A series of successful pest eradication programs have made the island a sanctuary for endangered and endemic birds, including some 18 natives. Meander through cool forests of ferns, mosses

and ancient conifers, where birdsong abounds. Scan the understorey for the elusive endemic South Island Rifleman (T tipounamu), Yellowhead (Mohoua) and South Island Saddleback (Tieke).

Day 4 Fiordland (Te Rua-o-te-moko)

Delight in the company of inquisitive cetaceans as you cruise the deep glacial sounds of Fiordland. Rug up and find a spot on deck as we wend our way through the many uninhabited islands scattered across the area. Bottlenose dolphins and playful fur seals are frequent visitors, and keen observers may be rewarded with a rare sighting of the Fiordland crested penguin (tawaki).

Day 5 Snares Islands (Tini Heke)

The cluster of craggy islands and islets that make up the Snares is the most untouched of the antipodean subantarctic groups. Despite their relative proximity to New Zealand's South Island, the Snares have remained free from introduced land predators, making them an invaluable sanctuary for millions of shearwaters, petrels and other seabirds.

Rug up, hop into a Zodiac and experience the bustling coastline of the Snares from sea level. Keep watch for endemic Snares crested penguins and Buller's albatross (toroa) with their distinctive black and yellow beaks. You may spot sea lions

dozing in grassy glades, or perhaps catch a glimpse of the tiny Snares Island tomtit flitting amongst tree daisies.

Embrace the spirit of exploration as your expedition team designs your voyage from day to day, bringing decades of experience to selecting the ideal sites based on the prevailing weather, ice conditions and wildlife opportunities.

Days 6-7 At Sea

After several busy days of subantarctic exploration, relax and unwind your way, perhaps meeting newfound friends at the bar, treating yourself to a sauna, or editing some images in the comfort of your cabin.

Join your expedition team in the lecture room to hear about the fascinating human history of Macquarie Island and learn how to identify the unique and charismatic creatures that call it home. Of course, the best place on board is out on deck, in the company of petrels and albatross soaring effortlessly with the wind.

Days 8-9 Macquarie Island

"Penguins were in thousands on the uprising cliffs, and from rookeries near and far came an incessant din . . . seabirds of many varieties gave warning of our near approach to their nests"

Douglas Mawson, 1911.

As they sailed towards Antarctica, Mawson and his men encountered 'an exquisite scene'. Macquarie Island (known affectionately as Macca) rises steeply from the Southern Ocean in a series of emerald summits: a beautifully fierce, elemental landscape teeming with life.

Keep your binoculars handy because this subantarctic refuge is home to 3.5 million breeding seabirds, including no less than four species of penguin! Alongside boisterous colonies of tuxedoed kings, charming gentoos, robust rockhoppers and endemic royal penguins, you'll find three types of fur seals and a large proportion of the world's elephant seals. Layer up and head out on deck to experience the sound, sight (and smell!) as you approach one of the largest concentrations of life in the Southern Ocean.

Remember to keep an eye out for Macca's kelp forests--these remarkable underwater ecosystems are quite mesmerising as their fronds sway back and forth on the water's surface.

In addition to being a globally recognised and protected wildlife refuge, Macquarie Island played an important role in Antarctic history. It was here, in 1911, that five men disembarked Mawson's Aurora and established a radio relay station which would transmit the first communication from Antarctica to the outside world.

[Day 10 At Sea](#)

We leave the grandeur of Macquarie Island - and our southernmost destination - behind, but our voyage is far from over. There's still plenty of time to enjoy the magic of the Southern Ocean and the seabirds that call it home. Grab a cuppa and duck into the lecture room to learn about the unique wildlife and historic sites ahead and meet your new travel mates in the bar to reminisce on your experiences so far.

As you approach Campbell Island it's worth heading out on deck to watch for the rare Campbell, Salvins and white-capped albatross, which may accompany us as we sail their home waters.

[Days 11-13 New Zealand's Subantarctic Islands](#)

First visited by Mōri navigators centuries ago, these islands are of great significance to Ngāi Tahu, the indigenous peoples of New Zealand's South Island. Their natural beauty and astonishing biodiversity have now been recognised globally, but few have had the privilege to visit these far-flung shores, which are now yours to explore.

[Day 14 At Sea](#)

As your journey draws to a close, take some time to reflect on the experiences of the past two weeks. You may like to review your photos, jot some notes in your journal or simply relax and soak up the ambience on board as you farewell your travel mates . . . until next time!

We hope you become ambassadors for the great Southern Ocean, advocating for its conservation and preservation, and share your experiences with your loved ones, so they might visit and become ambassadors themselves.

Day 15 Disembark Dunedin

After breakfast, farewell your expedition team and fellow passengers as we all continue our onward journeys, hopefully with a newfound sense of the immense power of nature.

Note: At the conclusion of the voyage, we do not recommend booking flights departing prior to 12.00 pm on the day of disembarkation in case there are delays.

Please note:

Itineraries are subject to change.

YOUR SHIP: DOUGLAS MAWSON

YOUR SHIP:	Douglas Mawson
VESSEL TYPE:	Small Ship Expedition
LENGTH:	
PASSENGER CAPACITY:	154
BUILT/REFURBISHED:	2025

Lenght: 104.4 m Designed for global discovery Adventure has a new name. Setting sail in 2025, our new state-of-the-art ship, the Douglas Mawson, is the last in a line of purpose-built vessels that have redefined small ship expedition cruising. Named after the legendary Australian geologist and explorer, our new small ship embodies Mawson's pioneering spirit and is designed for global discovery. Featuring the revolutionary Ulstein X-BOW® and purpose-built with enhanced sustainability features, it takes on average 154 adventurers to the world's wildest places in smooth, quiet comfort. It boasts our most extensive range of cabins yet, including a range of single cabins. The Douglas Mawson features a host of amenities to help you connect with like-minded travellers and elevate your time onboard our floating base camp for adventure. After a long day of exploring, head to the back deck to swim in the heated outdoor swimming pool, find a sun bed to read on, or soak in one of two Jacuzzis. Work up a sweat in the gym before unwinding in the sauna, resolve to learn something new in the Citizen Science Centre, then enjoy a delicious meal with new and old friends in one of two restaurants. Or, with multiple observation areas throughout the ship, simply relax in comfort

while you keep watch for wildlife or incredible landscapes unfold before you. While enjoying the luxurious amenities onboard, you can rest assured that our aim to get you off the ship to explore the natural environment as much as possible through our unique activities program remains unchanged. Newest Ulstein X-BOW® The Douglas Mawson features the newest streamlined Ulstein X-BOW®, designed for global discovery. The revolutionary design cuts through the swell, offering unrivalled stability on ocean crossings and helping to reduce fuel consumption. It's just one of the many sustainability features that helps us travel more responsibly. Heated Pool, Jacuzzis & Sauna In between landings, enjoy access to the onboard gym or unwind in the sauna. Or head to the back deck to swim in the heated outdoor pool, enjoy a drink at the pool bar, or soak in one of two Jacuzzis, watching the world go by. Leading Technology The Douglas Mawson is at the cutting edge of nautical technology, fitted with industry-leading technology including world-class return-to-port equipment. The ship also features a medical clinic designed for use in remote areas. Built for Adventure The Douglas Mawson features Zodiac access points and an activities platform, making boarding the Zodiacs as quick, efficient and safe as possible, minimising wait times and getting you closer to the action for longer. In our mudroom you will have access to lockers to store gear & boots and rapid drying areas for clothing. More Cabin Choices The Douglas Mawson features 11 different types of cabins, including a range of spacious single berth cabins - all adorned with elegant Nordic interior design features. Multiple Observation Areas As you explore the ship you will find indoor lounge areas with floor-to ceiling windows, and multiple

The Small Cruise Ship Collection

info@small-cruise-ships.com

open decks with expansive 270-360 degree views. The Glass Atrium Lounge inside the bow is a fantastic place to sit and watch for wildlife - with a drink in hand. There is no shortage of spaces to take in the majesty of the incredible world outside! Lecture Theatre On all expeditions you will meet naturalists and local specialists, who offer presentations on their area of expertise to enhance your appreciation of the destination you are exploring. Join the team in the lecture theatre for presentations covering a broad range of topics to suit every interest, from history and culture to biology and climate change. Regardless of the topic, they all have one thing in common: they all aim to engage, educate, entertain and turn you into an ambassador for the planet. Citizen Science Center & Lounge Learn more about the world and the unique destinations Aurora visits by visiting the onboard naturalist and Expedition Team in the world-class Citizen Science Center. You will be rewarded for your thirst for knowledge with one of the best views on the ship. Library With floor-to-ceiling windows, the library is a peaceful sanctuary where you can find non-fiction books to read up on the day's destinations, use a public laptop to organise your photos or play board games with newfound friends. Choose from our range of informative non-fiction titles, wildlife guidebooks, travel journals, novels and a selection of children's books and board games. Wildlife guides, books and binoculars can also be found on the observation lounge on Deck 7. Mudroom No need to take your wet expedition gear back to your cabin to dry. Keep your cabin warm and cosy by leaving your outer jackets and pants in the mudroom. The mudroom is your launchpad for all shore excursions and activities. Here, you will have access to a locker when you can hang your gear up to dry, and store your boots between excursions. Swimming Pool & Jacuzzis There are two Jacuzzis on the top outside deck which offer amazing views

of the world outside, a heated outdoor pool surrounded by sun beds you can relax on after a long day of exploring, and a pool bar. Gym & Sauna During your voyage, enjoy complimentary access to the gym or visit our sauna, which we highly recommend after the Polar Plunge! Restaurants One of the most important parts of any expedition is the food! Whatever adventures the day holds, you will be fuelled-up with hearty meals and delicious morning/afternoon teas cooked by our onboard chefs. Meals are a great time to soak up the expedition camaraderie in our open seating dining area. Share stories with your fellow travellers and ask our expedition team questions that may have come up during the day. Tea, coffee and snacks are available 24 hours a day, and our chefs offer different menu options and courses for each meal. Enjoy the range of house wine, beers and soft drinks included with dinner after a long day in the wild. We also invite you to join your captain and expedition team for informal Captain's Farewell drinks, with complimentary beverages and cocktail appetisers, followed by a 3 course meal. Bars & Lounges Communal meeting areas have always played a major role in fostering the warm camaraderie on board our ships. They are the heart of the expedition, where people meet to share tales from the day, swap photos, keep an eye out for wildlife and watch the sun go down. The bars and lounges on board are refined yet inviting places to gather, with floor-to-ceiling windows offering stunning views, and of course friendly bartenders to shoot the

breeze with.
